

## Sound Level Activity

Using the decibel meter, record the noise level in 10 areas of your school.  
Record on the chart below.

Decibel Level	Sound Location
30	
40	
50	
60	
70	
80	
90	
100	
110	
120	
120+	

- Underline softest sound. Circle the loudest sound.
- List any areas above the recommended exposure level.
- Choose one room and look around. Are there any measures designed to lessen the noise levels?
- Optional Investigation: Does your city or community have a noise ordinance?
